Oh what a price we pay for the things we say  
And the closer I get to you the further you move away  
All the lies we tell in the games we play  
And the longer I think it over the harder it is to stay

Sooner or later I'll be free to leave the past behind  
Sooner or later you're gonna be the last thing on my  
mind  
Little by little I'm finding out the truth behind your eyes  
Maybe if I don't show I thought you might like to know  
You're gonna be the last thing on my mind

You didn't want to know I could have told you so  
But the moment I think it's over the further there is to  
go  
Just a little word such an easy way  
But the longer I think about it the harder it is to say

Sooner or later I'll be free to leave the past behind  
Sooner or later you're gonna be the last thing on my  
mind  
Little by little I'm finding out the truth behind your eyes  
Maybe if I don't show I thought you might like to know  
You're gonna be the last thing on my mind

Sooner or later I'll be free to leave the past behind  
Sooner or later you're gonna be the last thing on my  
mind  
Little by little I'm finding out the truth behind your eyes  
Maybe if I don't show I thought you might like to know  
You're gonna be the last thing on my mind

Sooner or later I'll be free to leave the past behind  
Sooner or later you're gonna be the last thing on my  
mind  
Little by little I'm finding out the truth behind your eyes  
Maybe if I don't show
