Visit "[What Goes up...](#)" on [MotoLyrics.com](https://www.motolyrics.com)

What goes up must come down  
What must rise must fall  
And what goes on in your life  
Is writing on the wall

If all things must fall  
Why build a miracle at all?  
If all things must pass  
Even a miracle won't last

What goes up must come down  
What must stand alone?  
And what goes on in your mind  
Is turning into stone

If all things must fall  
Why build a miracle at all?  
If all things must pass  
Even a pyramid won't last

How can you be so sure?  
How do you know what the end will endure?  
How can you be so sure  
That the wonders you've made in your life will be seen  
By the millions who'll follow to visit the site of your  
dream?

What goes up must come down  
What goes 'round must come 'round  
What's been lost must be found
