[Breakdown]

[Verse 1]

If I had a dollar
for every reason that I loved you
I would be a rich man
Be a rich man.
And with that money
I would buy you the whole world
Greatly realize you just wanted me.

[Pre-Chorus]

Then I look at you and me together
Quickly realize this has felt like heaven all along

[Chorus]

And if you were on an island
I would swim the whole ocean just to say you're not
alone
And if you are feeling lonely
I'd lose everything
I'd lose everything just to be with you

[Verse 2]

Time cannot erase
what love has brought together
I will be with you
Be with you.
Miles cannot define
what love holds together

[Pre-Chorus]

Do not lose hope
Love will bring us home

[Chorus]

And if you were on an island
I would swim the whole ocean just to say you're not
alone
And if you are feeling lonely
I'd lose everything
I'd lose everything just to be with you

Just to be with you

[Bridge]

Do you feel it burning?

I can feel the fire

like it's the first time.

Like it's the first time.

Do you feel it burning?

I can feel the fire

like it's the first time.

Like it's the first time.

I just wanna be with you!
