"Where You Want Me"

Another day that will pass me by
Another truth and another lie
I'm wonderin' if I'm better off inside my head
All the things that I couldn't say
All the debts that I'll never pay
You know you wouldn't want it any other way

You got me
You got me
You got me
Where you want me

So many things that I'll never see
So many things that I'll never be
Desperation is overwhelming me again
All the things that I shouldn't say
All the love that I throw away
You know you wouldn't want it any other way

You got me
You got me
You got me
Where you want me
