You got a problem, that's 4 sure – I don't want that anymore!

You say: I'm incomplete, I'm as straight as I can be

You're right, I'm gone – even when the lights are on

Get out of my way – don't follow and don't get mad get...

You say: Whatz that noize? I am out just with the boyz...

You say: I am mean, I'm the dirty mean-machine?

Right!

So what? The fuck! So, what the hell u got?

Get out of my way – don't follow and don't get mad get...

So what? The fuck! So, what the hell u got?

Get out of my way – don't follow and don't get mad get...

Don't get mad

Don't get mad

Don't get mad
