Well did you ever have a lesson in salvation?
Or did you ever have a reason - to say what you said?
I can't get over in emotional starvation
I'm sick of tryin' and denyin' all the thoughts in my
head
The things that I said...

The reason is:
Innocence fadin' and I'm aching
Behold - awaking...

This is: the more we learn
Will be: the less we feel
The reason is: Innocence fadin'
This is a new day now
Enter the new world now
The reason is: Innocence fadin'

Hey, did you ever fight a feeling from the inside?
Or did you ever have a reason - to fight for your life?
So I can tell you all your wishin' all your hopin'
Is just a prayer and it only gets you nothing
Won't get you nothing

The reason is:
Innocence fadin' and I'm aching
Behold - awaking...

This is: the more we learn
Will be: the less we feel
The reason is: Innocence fadin'

This is a new day now
Enter the new world now
The reason is: Innocence fadin'
