I don't know the reason but I'm sorry  
If I disappointed you again  
Maybe you've expected too much from me  
In the end I'm just a bit insane

I'm still learnin' but I'm on my way

Now I'm here - waiting for what I'll become - in  
the end  
Now I'm here - thinking of all that I've done - in  
the end  
It ain't easy, how I know  
Please be patient, here I go....

Funny how it feels when you grow stronger  
Maybe if you're finally leaving home  
I don't wanna keep these thoughts no longer  
In the end you see I'm almost gone

I'm still learnin' but I'm on my way

Now I'm here - waiting for what I'll become - in  
the end  
Now I'm here - thinking of all that I've done - in  
the end  
It ain't easy, how I know  
Please be patient, here I go....

Now I'm here - waiting for what I'll become - in  
the end  
Now I'm here - thinking of all that I've done - in  
the end  
It ain't easy, how I know  
Please be patient, here I go....again
