Jessy got a way to be on her own
She always says that she's wild, wild, wild with the
microphone
As even shown
She hit it hard and she wanted more
She wants to rock and she rock! rock! rockz! - even on
the floor
You can be sure

She tells the hood that she wanna dance
The music's loud and we take the chance

Saturday night/Everynight, feels alright
My finger's on the trigger and we're dancing in the
moonlight
Everynight, feels alright
We're gonna start a party that will kick you out of
sight
We're just crazy from the heat and we'll start a
brand new beat
lyee-Yihee-lyee-Yihee...

Jessy is a girl who just loves to live
She always says that she want, want, wants even more
to give
Like you gotta give
She wants it loud and wants it now
She believes in a good guitar - so we take a bow,
anyhow

She tells the hood that she wanna dance
The music's loud and we take the chance

Saturday night/Everynight, feels alright
My finger's on the trigger and we're dancing in the
moonlight
Everynight, feels alright
We're gonna start a party that will kick you out of
sight
We're just crazy from the heat and we'll start a
brand new beat
lyee-Yihee-lyee-Yihee...
