Some like to play, some like to get away
Some people think there's nothing more to say
But here as I am
I'm gonna break up all the seals tonight

Some people talk, some let the others talk
Some people smile, some never say good-bye
But here as I am
I'm gonna break up all the seals tonight

What are you waiting for? We're banging all the drums
What are you waiting for? We're firing all our guns
What are you waiting for? Our backs against the wall
What are you waiting for? All for one and one for all

Some people lie and still show their faces
Some people cry – they never change places
But here as we are
We're gonna open up the seals tonight

What are you waiting for? We're banging all the drums
What are you waiting for? We're firing all our guns
What are you waiting for? Our backs against the wall
What are you waiting for? All for one and one for all
