Rory: Speak to me, tell me where you've been
You're tired of wondering
But I will show you the way
I will show you the way
Wes: And we'll go places we should probably never
see
Ill put in work just to get you close to me
And ill probably bite off more than I can chew
But im not honest with my self but I'll do what it takes
to [Rory and Wes] get you by my side
And did I mention im not honest with myself but im
right here
Rory: You know im here so what are you waiting for?
Wes: and well me could it, could it be more obvious
Rory: A sign? Wes: could it be more obvious? Tell me
could it, could it be more obvious.
Rory: signs will show you where to go Wes: could it be
more obvious? Tell me could it, could it be more
obvious.

Wes: and its not hard to tell.
That poker face is hard fo sho and when I catch you, I
wont let you, no I'm never gonna
Rory and Wes: let you go
When the colors fade out and all you see is the light
Don't forget ill be the one still be the one still standing
by your side Rory: By your side
Till then I'm in the field of fare weather princesses
One man looking for another mans exes
All the games we play to find what, Love?
Oh the games I play to find you love
But could it be more obvious?

And we'll go places we should probably never see
I'll put in work just to get you close to me
And I'm probably gonna bite off more than I can chew
But I'm not honest with my self and ill do what it takes
to Rory and Wes: get you by my side
I always think before I speak,
And did I mention I'm not honest with myself but I'm
right here, you know I'm here
Rory: I'm here so what are you waiting for? Wes: and

well me could it, could it be more obvious

Rory: A sign? Wes: could it be more obvious? Tell me
could it, could it be more obvious.

Rory: signs will show you where to go Wes: could it be
more obvious? Tell me could it, could it be more
obvious.

Rory: Speak to me. Tell me where you've been.
