I woke up in the morning
with a woman next to me
I gave it all up
No more to be free
She reminds me of a goddess
As she stands there in the light
But i really love her madly
In the middle of the night
She wears those real tight things
To make me go insane
But her body's all I want
The rest is all the same
(chorus sung by women's choir)
Because she's doable
It's indesputable
And non-refutable
that's right she's doable
She wiggles really well
And yells my name out loud
When my big torpedo sinks her
I'm really in a cloud
She has a real great shape
The kind to make you proud
But I want to make her scream
In the middle of a crowd
(chorus)
Because she's doable
It's indesputable
And non-refutable
that's right she's doable
And when I finally leave her
It will be late at night
I will have wasted her
She will be a scary sight
I'll go and find another
Who has the shape I need
To really please and tease me
And my hunger she will feed
(chorus)
Because she's doable
It's indesputable

And non-refutable
that's right she's doable
