Please don't cry for hammer in your teeth
We'll spoil the pretty snow that lies beneath
Who go cry for hammer in her teeth
We'll spoil her pretty face at least she feels real
No-go cry for hammer in your teeth
We'll spoil the pretty snow that never feels real

Breathe, you breathe
believe you me tonight
breath in, breath out
make good, make float
bleed you me
Ã¾Ãº nÃ³tt

Please don't cry for hammer in your teeth
We'll spoil the pretty snow that lies beneath
And summer will make good for all of our sins
if we only wish it hard enough

Breathe, you breathe
who go who cry
believe you me
to night/mÃºm night
Breathe in, breathe out
make good, make float
bleed you me
Ã¾Ãº nÃ³tt

ShÃ© cry, who closes eyes and hopes not to come
back
