You came just unexpectedly
A love that just surprises me
When I look into your eyes
Two crazy people setting free
Forbidden love that's killing me
When you look into my eyes you know I'm true
Chorus:
If this is goodbye
Then I'd like to thank you
For giving me the best 27 days
The best 27 days of my life
Tears running like a waterfall
Be missing all those midnight calls
When I look back to the times
I see you smiling back at me
That scent will make you remember me
When I held your hand I knew that it is true
Chorus
And the wind keeps blowin' and I say goodbye
To the rain cloud that poured to my very eyes
I'll remember the face that made me sigh
It'll never be the same
When you said "be strong", I was strong for you
When you ask me a question you could see me through
I will always remember what is good is true
It'll never be the same
You could break my heart, you could make me cry
You could make all the seasons just pass you by
I could tell you "I love you", but don't ask why
Cause It'll never be the same
If this is goodbye
Then I'd like to thank you
For giving me the best twenty seven days of my life
