In the past, in the future
People weakened by their faith
Have been slaughtered, will be tortured
Hunted down for their fate

Screams of inquisition
Obituaries of lethal flame
Dance macabre
Dance, dismembered souls

Prayers the witch is crying
Her gods won't hear her
Mercy as the flames grow higher
Her gods won't give her

Standardized crucifixion
Nails, nails, impale
Life's end in immolation
Burn, burn...

Rot in the eyes of angels
Sufferage breeds in sorrow
Victims of rage of the ancient
Cold, pale

In mindless sea of fury
The fires of hate are burning

Blood hails Black Death in glory
More war

In the past, in the future
People weakened by their faith
Have been slaughtered, will be tortured
Hunted down for their fate

Rise, up to scaffold
Rise, up to die
Rise, up to scaffold
Arise for your last time

Taste of pain in the eyes of fear

Innocence bleeding
Starless night so dark and clear
Agony seduced

Last shivering, shining tear
Sad laughter deceaving
Stink as death crawls near
Last words are leaving

Screams of holocaust
Gas im Juden
Beast in mad minds
Dance, dismembered souls
