I see the bonfire
I feel it dancing
Before me
I hear the rain

Pouring down
Around me
The bonfire burns
Alone, with me

In the woods
The rain falls
Around me
The circle of fire

He waits for the fire
To stop burning
He creeps
Around the circle

Chorus:
Master melancholia, he gets me
The sad feeling, they get me
So mighty, so strong
My mind is in your hands, melancholia

Darkness in the woods, sun has died
The dancing fire, my only light
Fire of hope, stabbed to death
By the cold, blades of rain

I can feel his desire
The need in his eyes burns my soul

He waits for his time to reach through the flames
Reach for my soul to satisfy his hunger

I don't feel safe, terror lurks in my mind
Bonfire has stopped burning, his time has come
Darkness imprisons me, I feel his fatal touch
In the woods, non can hear my screams

The rain still falls around me
I smell the smoke the blood of dying fire
He gets me he gives me strength
He whispers my name he makes me weak

Master melancholia, he whispers my name
Eternal sadness, pouring down
In the woods, the rain never ends
My mind is in your hands, MASTER
