

Whiskey Saints "Leap Year"

Visit "[Leap Year](#)" on MotoLyrics.com

Just start listening
And don't you say a word
You'd be better off that way

Say you're missing me
But I hadn't heard
Looks like resignation day

Oh I need more time
To find out what I'm missing
Just to waste it
Or get it right

So I waste my breath
Pretend that I'll be heard
Deaf ears hear everything I say

Keep waiting, wish and see
Until you're shown the word
Either way they'll always make you pay

Oh I need more time
To find out what I'm missing
Just to waste it
Or get it right
