I fall, have I loved?  
Did you say it was forever?  
All the lifetime and everywhere  
The dream of you is away forever  
Life has changed, in a better way  
Who had said you'd be the one for me?  
Only one lie, you and me  
Take my breath and go away with him

Oh Lady Eva  
You've nothin' to give  
Oh Lady Eva  
Much more I can feel  
Oh Lady Eva  
Without you I can live  
Without you I can live

Nine cycles, crucified  
My life drowns in what you called a game  
All my past time has been denied  
Seasons change and things remain the same

Oh Lady Eva  
You've nothin' to give  
Oh Lady Eva  
Much more I can feel  
Oh Lady Eva  
Without you I can live  
Without you I can live

Oh Lady Eva  
You've nothin' to give  
Oh Lady Eva  
Much more I can feel  
Oh Lady Eva  
Without you I can live  
Without you I can live

Oh Lady Eva  
Without you I can live
