There's a man going 'round taking names (taking names),
There's a man going 'round taking names (taking names),
He's been taking my fathers name,
an' he left my heart in vain,
there's a man going 'round taking names

There's a man going 'round taking names (taking names),
There's a man going 'round taking names (taking names),
He's been taking my mothers name,
an' he left my heart in vain,
there's a man going 'round taking names

There's a man going 'round taking names (taking names),
There's a man going 'round taking names (taking names),
He's been taking my sisters name,
an' he left my heart in vain,
there's a man going 'round taking names

There's a man going 'round taking names (taking names),
There's a man going 'round taking names (taking names),
He's been taking my brothers name,
an' he left my heart in vain,
there's a man going 'round taking names
