I wanna hold you like I told you till your heart falls down, till your heart falls down, hits the ground fallin down.

Things have changed and you said, that there would be no other way, for you and me. But I dont wanna be like this no not when were together, forever.

I wanna hold you like I told you till your heart falls down, till your heart falls down, hits the ground fallin down.

I wanna hold you like I told you till your heart falls down, till your heart falls down, hits the ground fallin down.

If you had to go then go, I wont let you know that I love you. But if I say, "I'll miss you", then in other words I wanna kiss you, Today, dont go away.

I wanna hold you like I told you till your heart falls down, till your heart falls down, hits the ground fallin down.

I wanna hold you like I told you till your heart falls down, till your heart falls down, hits the ground fallin down.

I wanna hold you, like I told you, till your heart falls down, till your heart falls down, hits the ground fallin down.

I wanna hold you, like I told you, till your heart falls down, till your heart falls down. Holding you, like I told you, till your heart falls down, hits the ground fallin down
