Feeling like I know the words  
Of a song I haven't wrote  
A song of love, a song of hope  
A song that guides me down this road

A snowflake falls onto my cheek  
As I wake up from distant sleep  
I stand up dazed as I look around  
What is this place that I have found?

Feeling like I know the words  
Of a song I haven't wrote  
A song of love, a song of hope  
A song that guides me down this road

The wind, it chills as it fills the sky  
The neighbors smile as I walk by  
It's all so calm in this cold night air  
Where the people sing without care

Though I know not where I step  
I'll follow you until the death

Though I know not where I step  
I'll follow you

Feeling like I know the words  
Of a song I haven't wrote  
A song of love, a song of hope  
A song that guides me down this road

Feeling like I know the words  
Of a song I haven't wrote  
A song of love, a song of hope  
A song that guides me down this road

Feeling like I know the words  
Of a song I haven't wrote  
A song of love, a song of hope  
A song that guides me down this road

Feeling like I know the words  
Of a song I haven't wrote  
A song of love, a song of hope  
A song that guides me down this road
