Dennis
come back with
My apple pie!
Don't blame the youth

Don't blame the youth

Don't take us for fools

Don't blame the youth.
You know that it's true

Don't blame the youth
So
don't blame the youth
Don't blame the youth.
The youth of today has got lots to say
it's our life
it's our future

Because we're living today
so don't blame the youth - what do you say?
My mother went to town to buy a little bike
And when she see the price she nearly loose her sight.
Ca dis a judgement time slang bong
Lord
ca dis a judgement time
Slang bong bong bong.
Ai
the youth of today
the youth of today

We're under heavy heavy manners
yeah.
We're under heavy heavy manners
yeah. What did he say?
I went down-town to buy a set of drums
but when me see the price
It have me tumble down
ca dis a judgement time
boy -
Lord

ca dis a judgement time. Do it right.
Ai
the youth of today
the youth of today
...
I went down-town to go buy keyboard.
The price of the board make me shout out loud
ca dis a judgement time
Slong bong biddley bong
ca dis a judgement time mirror style.
Ai
the youth of today
the youth of today
...
- All night long shine -
The youth of today has got lots to say
it's our life our future

Because we're living today
so don't blame the youth

You know that it's true
so don't blame the youth.
My mother went to town to buy a little bike . . .
