(Intro)

Oh boy

Jinsu

Ok, uh huh, yessir

(Chorus) (x2)

I throw it like a quarterback, I'm the leader of the team

A pocket full of stacks, yeah I'm all about the green

I'm all about the green

Yeah, I'm all about the green

A pocket full of stacks, yeah I'm all about the green

(Verse 1)

You in the end zone, now that's a great pass

When I say "Hut!", scramble like eggs and break fast

I'm on the paper chase, yall talkin cheap chatter

Yall stay broke and the green here's what I'm after

You hear the bassline, that means it's break time

Nothin handed so I'm about to take mine

Face nine rappers cuz they brain retarded

Illest spittin in the game, yall just ringtone artists

15, leader of the team, I throw it like a quarterback

I'm all about the green, haha, most of yall step back

I'm in the lac or the big boy toy

Mad wins, no losses like P Boy Floyd

My flow's retarded so I spit no matter what

Think you better, bet stacks, or just put ya carats up

Haters tryna get the kid, I dodge and they still frontin

I'm on the move like I dun stole somethin

(Chorus) (x2)

(Verse 2)

I'm in the game now, time for the sales

I got more bars than 7 million jails

Other rappers see the same when I'm spittin these bars

They ain't seein the kid, they similar to Ray Charles

GI Joe made the hit, now we got a new single

Record labels cut the check and he need chips like

Pringles

No duplicatin the kid, please, it's only one of me

I got a heavy buzz like a bumblebee

See I'm on it B, I'm runnin through cheese just like a shredder  
I'm tryna get money, me and broke don't go together  
That paper or cheddar, moolah or cash  
I'm in the lambo with the roof that's missin from class  
Mean lean, Boston hat clean, jewels that glow  
I see we got a hit, Four Kingz, homie let's go  
See we gone run this main plate, be ready fo sho  
Be on the road, watch how I go, you already know

(Chorus) (x2)

(Bridge)

Ladies, take 2 steps back, thow it like a quarterback  
I wanna see ya move like ya don't know how to act  
Fellas, if you love to shine and you always on ya grind  
Tell the DJ to bring it back one more time  
Ladies, take 2 steps back, thow it like a quarterback
