"Doozer March Song"

Visit "[Doozer March Song](#)" on MotoLyrics.com

Ah dream a dream and make it true
That's what Doozers like to do
And building is the Doozer way to go two three four
'Cause every day the world is new
There's dreams to pay attention to
And building is the surest way we know two three four
Set your shoulder
Move that boulder
'Up two three four 'up two three four
Make our dreams work
Through our team work
'Up two three four 'up
And when the Doozer day is done
There's still some time for Doozer fun
So take your helmets off and set them down two three
four
There's dreams to dream
There's work to do
But after all the work is through
There's still some Doozer dreams to go around two
three four
Set your shoulder
Move that boulder
'Up two three four 'up two three four
Make our dreams work
Through our team work
'Up two three four 'up
