We've found the way,  
To live on easy street.  
No more troubles.  
No more cares and woes.  
Oh, happy day!  
It's made our lives complete.  
'Cause easy is the only way to go.  
The wa-a-a-a-ay, way to go.  
We've found the way (found the way),  
To live on easy street (on easy street).  
No more trouble.  
No more cares and woes (no more cares and woes).  
Oh, happy day (oh, happy day)!  
It's made our lives complete.  
Easy is the only way to go (way to go).  
Found a way (found a way),  
To live on easy street (on easy street).  
No more troubles.  
No more cares and woes (no more cares and woes).  
Oh, happy day (oh, happy day)!  
It's made our lives complete.  
Easy is the only way to go (way to go).  
The wa-a-a-a-ay, way to go.  
We've found the way (oh, happy day),  
To live on easy street (we found the way).  
No more troubles (oh, happy night).  
No more cares and woes (we saw the light).  
Oh, happy days (oh, happy song)!  
It's made our lives complete (all cares are gone).  
Easy is the only (and now we know),  
Way to go (which way to go).  
Way, way to go
