"Imagination"

Here in the middle of imagination
Right in the middle of my head,
I close my eyes and my room's not my room,
And my bed isn't really my bed.

I look inside and discover things, that are sometimes
strange and new,
And the most remarkable thoughts I think, have a way
of being true.

Here in the middle of imagination
Right in the middle of my mind,
I close my eyes and the night isn't dark
and the things that I lose, I find.

Time stands still and the sky is clear, and the wind is
warm and fair,
And the nicest place is the middle of imagination..
When.....I'm.....there.....
