[DJ Clue]

Yeah, Prestige, Dream Team

On the remix

Fabulous, Desert Storm, WHAT!

[Fabolous Sport]

Uh, ma, I'm talking about intercourse in the Porche

Making you scream 'til your voice end up hoarse

You telling your friends how I bend you across the  
dashboard

and give you every inch with force

You care how I spend and floss, treat chicks like  
princesses

Might throw some end across and tell your boyfriend  
get loss

Come holla at the F-A-B-O-L-O-U-S

1- [Ram-Z]

Can't nobody freak you lady, sex you like you need it  
You got a man, but I don't care cuz he can't do you like  
I can

Can't nobody freak you lady, sex you like you need it  
You got a man, but I don't care cuz he can't do you like  
I can

You stayed the night and now your thinking of a lie

You call your girlfriend up to use her for an alibi

Blowing up your pager, wondering where you are

All alone, ya here with me in the backseat of my car

Lips to lips, chest to breast, working up a sweat

You wanna call him back, but you can't cuz it ain't over  
yet

No, no

Repeat 1

Sneaking around every chance you get, baby

Calling my phone, telling me how much you miss me

The way I hold you tight (Yeah)

The way I love you right (Uh huh)  
Can't nobody do you baby like I'm gon' freak you lady!

Repeat 1

[Fabolous Sport]  
Uh hmm, uh huh, nope, Fabolous, c'mon nope  
Uh, I know chicks stiff you, how I leave chicks cripple  
That's why you blowing kisses with my ?six dip two?  
I be the one with big lips who lick nipples  
And you don't even know that you dick with, boo  
I love the way you shake your butt everytime you take a  
strut  
I'm the type that pipe you 'til it ache your gut  
I might be mistakin' but,  
how you with a nigga that make you nuts and don't  
make you nut?  
I know he probably think you creepin' around (\*Pager  
goes off\*)  
Look, that's probably dogg beepin' you now  
If he can't do it like a kid, you better drop him like he
