Listen to Convincing John  
And all your troubles will be gone  
He's gonna tell it spell it sell it  
Just for you  
Now then listen to me Fraggles  
Give your Fraggie mouths a-waggle  
You can chew a Doozer tower till you're blue (you're blue)  
But there's a mighty day a coming  
When the food will hit your tummy  
And you'll know that what I'm telling you is true (is true)  
So if you want to get a hold of something extra good as gold  
You gotta stop and give a thought to what you do (what you do)  
Never eat another tower till I tell you what it's doing to you  
Listen to Convincing John  
And all your troubles will be gone  
He's gonna tell it spell it sell it  
Just for you  
Well you eat a Doozer tower  
And it's as pretty as a flower  
And a flower's what you pick up in a field (a field)  
But the field can have a hole  
And you can fall in while you stroll  
And a Gorg can come along to find a meal (a meal)  
And he can pack you in a sack  
And you can try to scramble back  
But then you'll never, ever, ever get free (get free)  
'Cause every time you eat a tower you'll be shut up for eternity  
Listen to Convincing John  
And all your troubles will be gone  
He's gonna tell it, spell it, sell it  
Just for you  
And if you want to hear a story  
That is horrible and gory  
Let me tell you about a Fraggie I knew (I knew)  
He was sitting on a byway  
Eating up a Doozer highway  
In the way a hungry Fraggie will do (will do)

Then he started in a-changing and he started  
rearranging  
And I promise you this story is true (is true)  
By the time it was done he was a human being through  
and through  
Listen to Convincing John  
And all your troubles will be gone  
He's gonna tell it, spell it, sell it, (but don't eat it!)  
Just for you
