Was I dumb or was I blind,  
Or did my heart just lose it's mind?  
Why'd I go and throw a perfect dream,  
Away?

Looking back, I'll never know,  
How I ever let you go.  
But destiny,  
Could see, we deserved  
To have another day...

Love led us here,  
Right back to where we belong.  
We followed the star and here we are  
Now heaven seems so near!  
Love led us here.

Now I know that life can take you by surprise,  
And sweep you off your feet.

Did this happen to us,  
Or are we just dreaming?

Love led us here,  
Right back to where we belong.  
We followed the star and here we are  
Now heaven seems so near!  
Love led us here.

So take my hand,  
And have no fear.  
We'll be alright.  
Love lead us here.
