If you're a human being, take a break from the race  
Take a load off your feet, wipe the load [or "nose"?] off  
your face  
Got a lot to do and we do it for you  
Everybody take your place

Muppets tonight!  
You're gonna see something better  
Tonight's the night!  
You're gonna live with the memories  
[or: "You're gonna hear things you've never heard"?]

We got a show for you  
Guaranteed brand new  
Here come the muppets tonight!

(whistling)

We got a show for you  
Guaranteed brand-new  
Here come the muppets  
Here come the muppets  
Here come the muppets tonight!
