He's the one in all
Who takes the chances
Brave enough to fall
And rise again
Fearless through to fall
He walks with danger
I'm not alone
He makes me feel strong
Not afraid to face the day
When the world comes down
And the thunder strikes
Counting down the hours
Through the poring rain
And the burning flames
He's my hero
'Til the world remains
A much safer place
I look at the horizon
As the world comes down tonight
Tonight
Watching out for harm
To keep me guarded
He will not be seen
But I know he's there
I'm not alone
He makes me feel strong
Not afraid to save the day
When the world comes down
And the thunder strikes
Counting down the hours
Through the poring rain
And the burning flames
He's my hero
'Til the world remains
A much safer place
I look at the horizon
As the world comes down tonight
I turn down the lights
And I give him time
He will keep me safe, put his life at
Stake

Save my life!
(When the world comes down
And the thunder strikes)
I will counting down the hours
Through the poring rain
And the burning flames
Yeah, he's my hero
A much safer place
I look at the horizon
As the world comes down tonight
As the world comes down tonight
Tonight
He's my hero
