I see myself flying through air  
To dark clouds I walk but still I do not  
The walls are bleeding  
I'm scared my love

The floor is crying, water goes through me  
Help me my love, visions I see but still I may not  
Seconds seems like days  
But still I remain

And still I love  
Again the lust remains  
I'm getting closer  
Infinity I'll become

I am getting closer  
I'll dream 'till dawn I see  
I'm getting closer  
To you my love

Please help me love find the place  
I see the windows, the stars are mine but still they are  
not  
All spheres are mine for you (my love)  
I'll travel to rescue

And still I walk  
Still I love  
For you my lust  
I'm getting closer

I'm getting closer  
I think I'm gonna cry  
I see me coming  
I'll always remain

For you my love and still you're not  
For you my love

I love myself
