I'm telling you
I'm okay
You're telling me there's no way now

Your words evaporate
I'm at home
I'm watching T.V.
You think you know what I see now
Life ain't silver screen
Cuz I'm way down deep in the dirt
But oh, baby I make the best of the hurt

Don't wait for me
My life Ain't worth your worries
Or stay with me
My love

I'm telling you I'm okay
You're telling me there's no way now

Don't play me for a fool
Being alone really ain't that bad

Do you think I'm really that sad Oh no!
Cuz I'm way down deep in the dirt
But oh, baby I make the best of the hurt

Don't wait for me
My life ain't worth your worries
Or stay with me
My love
