There was a hope when we found the bridge
Of a place we had never been
In defiance

Ever since I was a kid
They said just stay away from there
Boy don't you ever live
In defiance

From the outside looking in
I sure do make an easy target
It's nice to think that you are always
Wanted

I'm not afraid to laugh
And I don't mind taking photographs

Because you don't ask for my autograph
In defiance

She said that it was rust and lead
That love could never live again
But we found a way to make it stay
In defiance
She asked
Defiance
She asked

Can't we just be friends?
This kind of thing always happens
I fell in love again
With defiance
In defiance
Of defiance
