When I started out  
Writing you this song  
I was heels over head  
In love

But you had your doubts  
Cause it took so long  
To finally see  
What I'd been doing wrong

I tried to love you  
But you still loved him  
So I'll ignore my heart  
And lie to the truth  
I'll lie to the truth

A love of mine once said  
The best part about you  
Was me so now who  
Is judging who?

I know I broke your heart  
Mine is broken too  
Now if we're even  
Then why are we both blue?  
I tried to be true but  
You still love him so  
I'll lie in silence  
And feel like a fool  
I lied to the truth

I think that I have had enough  
I guess that I have had enough of you  
I think that I have had enough  
I know I finally had enough of you

We tried to be true but  
You still loved him so  
I'll keep my distance  
And lie to the truth

I lie to the truth

I'll lie to the truth  
Cause you lied to it too
