Got love if you want, babe
Got love if you want, babe
Got love if you want it
Got love if you want it
Got love if you want it, babe
We can rock all the while
We can rock all the while

Quit teasin' me baby
Quit teasin' me baby
With your fine diamond ring
With your fine diamond ring
You know, if you love me babe
I'll tell ya everything
I'll tell ya everything

Now, here you come baby
Now, here you come baby
With your head hangin' down
With your head hangin' down
I know you've been bored babe
Talk's all over town
Talk's all over town

My next door neighbour
My next door neighbour
Peeping through the glass
Peeping through the glass
I know you didn't see me babe
That's how long it shines

I love you little woman
I love you little woman
I want you to myself
I want you to myself
I know you been cheatin' me
Found somebody else
Found somebody else
Found somebody else
Found somebody else
