She walked with fire at her heels
The scent of smoke on the breeze
Wherever she goes that's where I'll be
Whatever she wants that's what I need

Baby, it's been so long
That even the roses hips
Are turning me on
Baby, it's been so long

I want you
I want you

The heat floats on top of our skin
Like an ice cube in a glass of gin
I can't even hear the words you say
I need to leave but I want to stay

Baby, it's been so long
That even the roses hips
Are turning me on
Baby, it's been so long

I want you, I want you
I get the feeling if I stay with you
You'll never let me go
I want you

Feel like a ship on dry land
Or an island in the sand
Your kiss is cool, despite the heat
You've got my senses beat

If I stay I won't last long
You've got a hold on me so strong
I hear your song
All I hear is your song

It's so hot
The bones show through her skin
It's so hot
That the bones show through her skin
