i didn't mean to make you feel out of place
by the comments on your clothing
or the makeup on your face
i didn't mean to preempt the chase
you're the drama queen of every scene
perfectly out of place

so you cry yourslef to sleep
in your blanket of snow
with you tiara of barbie doll heads
and you arms crosed for a pillow
if you can't make up your mind
just how different you should be
reorganize your priorities to expect more sympathy.

only cynicism can get through to you
you expand the image up the insults
negativism through and through
all of this pretending
makes me feel a bit confused
you've spent your life losing yourself
and now you're marked as used

so you cry yourslef to sleep
in your blanket of snow
with you tiara of barbie doll heads
and you arms crosed for a pillow
if you can't make up your mind
just how different you should be
reorganize your priorities to expect more sympathy.

i didn't mean to make you feel out of place

by the comments on your clothing
or the makeup on your face
i didn't mean to preempt the chase
you're the drama queen of every scene
perfectly out of place

so you cry yourslef to sleep
in your blanket of snow

with you tiara of barbie doll heads
and you arms croosed for a pillow
if you can't make up your mind
just how different you should be
reorganize your priorities to expect more sympathy.
