I'll leave a trail of fire across this desert
just to see the desperation in your eyes.
I'll leave a trail of fire across this desert
just to see the desperation in your eyes.
You think you've suffered well you aint seen shit yet.
the pain wont set in for a long, long time.
ive fought off angels with my hands behind my back
ive set the heavens all on fire

[x3]

so sleep in the fallout shelter tonight one and all
and wrap the children up real tight
and stop the bleeding before it starts
and stop the bleeding before it starts
I'll leave a trail of fire across this desert
just to see the desperation in your eyes.
