How did we get from the top of the World  
To the bottom of the heap?

I don't recall you mentioning  
The boss is such a creep

We still have the ingredients to  
Make this summer sweet

Well, I got rags instead of riches  
And all these dirty dishes  
Just wish I had three wishes  
(Okay guys, break it up)

We've got to work, work  
To work this out  
We'll make things right,  
The sun will shine  
If we work, work  
There'll be no doubt  
We can still save the summer  
If we work this out!

(Dude, what have you gotten us into? )

(Come on, we can totally  
Turn this thing around)  
I'd rather face a seven footer  
Straight up in the post  
That sure beats hangin' here  
And burning someone's toast.

I needed Benjamins, but  
This ain't worth the stress

Maybe there's a better way  
To fix this greasy mess

We're a champion team,  
A well-oiled machine,  
And we've faced tougher  
Problems than this.

I know it's a grind, but  
I'm sure we can find

A way to have fun while  
We get this job done.

We've got to work, work  
To work this out  
We'll make things right  
The sun will shine  
If we work, work there'll be no doubt  
We can still save the summer  
If we work this out!!

(Let's work it! )

Tell me what you want  
Tell me what you need  
A little bit of sugar  
A little bit of butter  
It's the perfect recipe!  
Pay day!  
It'll taste so sweet  
Pay Day!  
Good enough to eat

Gonna make some motion pictures  
Hit the mall with all my sisters  
Get tickets to the Knicks and Sixers  
Kick it with the music mixers  
Buy a ride that suits my style  
Lounge around the pool and while

Make a date with my favourite girl  
Troy & Gabriella:  
We've got it made!

We've got to work, work  
To work this out  
We'll make things right,  
The sun will shine  
If we work, work  
There'll be no doubt  
We can still save the summer  
If we work this out!  
Work This! Gotta Work This!  
We can work this out!
