What is the world coming to these days?
Cuz to this generation of kids, being a punk pays
Cuz the more bugged out or the bigger slut that you
are
Could be your key to success, could carry you really far

It's absolutely insane how these parents let girls dress
Fourteen and fifteen years old, bare it all, just to
impress
A bunch of fucking teen punks that always have to act
tough
Like they got something to prove by fucking somebody
up
Come on...

Mommy and Daddy said it was okay
Mommy and Daddy said...

Can't stay composed 'round these girls, a wad of gum
in their mouth
With their trendy ripped jeans, some TNA hanging out
It's pretty scary realizing they might be thirteen
When they look like they're in pornos, performing the
next scene

And it's okay to parents when they behave like this
Cuz they just want to make it through their own mid-life
crisis
So they say fuck dignity, they're kids, they're na?ve
and young
So is it parents or teens, that are being so dumb?

[Chorus:]
Cuz society's dead, it's gone, it's buried alive
Along with all our fucking decency locked up inside
To these young girls and these young guys, with all this
smoke in their eyes
I say I'm sorry. It's just a sign of the...

Times...
When kids aren't punished for crimes,

And walk around like high-class bitches showing all of
the signs that
This upcoming generation is full of ingrates and
whores
A bunch of red silk maverick soon-to-be's filling up like
at stores

Where everybody's just a copied form of somebody
else
Where these bandwagon hoppers jump ship soon as
the last trend fails
And it's a shame that everything has finally come to
this
When a boyfriend can't just be happy with a goodnight
kiss

[Chorus:]
Cuz society's dead, it's gone, it's buried alive
Along with all our fucking decency locked up inside
To these young girls and these young guys, with all this
smoke in their eyes
I say I'm sorry. It's just a sign of the... times

Why have we let it come to this?
Why have we sacrificed the kids?
Why have we let them fall so low?
What do these bubblegum princesses have to show?

Cuz society's dead, it's gone, it's buried alive
Along with all our fucking decency locked up inside
To these young girls and these young guys, with all this
smoke in their eyes
I say I'm sorry...

Cuz society's dead, it's gone, it's buried alive
Along with all our fucking decency locked up inside
To these young girls and these young guys, with all this
smoke in their eyes
I say I'm sorry. It's just a sign of the, it's just a sign of
the, it's just a sign of the...
