I can't
De-scribe
The
Pain
You cause
Me

I was never good enough
I'm fucking sick of being tough

I guess
I lack
In
Looks
Or some-thing

With this, I have come to grips
I cannot offer more than this

[Chorus:]
(Last line?) I am falling down.

You trust
Me with
Your
Deep-est feelings

Now I question all you're saying
Seems to me that you've been faking

Lies
Slow-ly
A-cu-mula-ting

Why can't I just finally wake up
See the truth, avoid the shakeup

[Chorus]
