I do it for the love
The hate, the laughs and the pain

The therapeutic euphoria
It puts into my brain

I can't describe how many headaches
Or the sleepless nights
That I would close my eyes and vibe
This music has saved my life

When there are no words
To describe my mind
I look in my soul
And I find...

[Chorus:]
Tell! Me! Why!
I'm not afraid of you!

It ain't about the fame
The drugs, the money or sex

It's about playing your heart out
And someone feeling respect

It's that one life that you change
It's that one person you touch
It's just the difference you made
That by itself's worth enough

When there are no words
To describe my mind
I look in my soul
And I find...

[Chorus:]
Tell me why!
I'm not afraid of you!

I just beat up on myself

There's always ghosts in my mind
But I will never give up
Til I get what's rightfully mine

I'll never sleep or rest
My quest is relent-less
And I will show no fucking mercy,
Til I've passed this test
The life
The lust
The hate
In us

The love
The fear
The rea-son
We're here

THAT WE ARE HERE!

[Chorus:]
Tell! Me! Why!
I'm not afraid of you!
