Behind a tattoo skinned
Cynic grinned
Lies a soul with so much in it

So indifferent
Though so dented
Shortly, she'll have your head spinnin'

Trust me I would...

Know. And I think I'd kill for it.
Tried to but can't ignore it
My heart hurts so bad though you know that I fucking
adore it

Trust me I would know

Break, break heartache
The pain ain't fake, you know?

Baby, baby come on you know that I'd do it all for you
again tonight
Maybe, maybe this time you'll look at me and you will
kiss me

Our work is unproductive
Cuz you're so fucking seductive

But there's so much more
There's so much more!
That I keep holding my breath for

Trust me I would...

The taste of you remains untainted
While our future still unpainted
Lies before us still and waiting
Heart quivers anticipating

Trust me I would know

Break, break heartache
The pain ain't fake, you know?

Baby, baby come on you know I'd do it all again for you
tonight
Maybe, maybe this time you'll look at me and you will
kiss me goodnight

And the silence just kills me
The loneliness chills me
I need you right by me
Feel me sighing so softly

And I know
It's so hard
It feels like
You're so far

I just need you beside me
Please just don't deny me
Tonight

I can't explain
What you do to me baby
I'm going fucking insane

But I don't mind
What is time?
It's our time.
Just to do it right now
Tonight!

It's a match made in Hell
Gonna burn this motherfucker tonight

You and me
Hand-in-hand
Gonna burn this motherfucker tonight!

Baby, baby come on you know I'd do it all for you again
tonight
Maybe, maybe this time you'll look at me and kiss me
goodnight
