Tragedy, is the name of the game
It's about all he can do to cover up all his pain
It's so sad to see
What a man is reduced to when his whole life breaks
apart piece by piece
And he just falls through

A dark obsession still haunts him
A shadow that moves when he's weak in the mind
The lust is keeping him blind
A taste of the past that he'll still never get
Never will he forget or accept his regret

Sad and broken, lonely, obscene
This man's killing himself for chasing a dream
So tragic this feeling, the obsession is stealing
His soul and his heart
As the world watches him fall apart

Yeah, he just cannot let it go
Hasn't accepted rejection, 'cause this obsession's
infection
Is left to grow
Inside his soul as it rots
Smoking and throwing back shots
His depression has left him with haunting thoughts

Razors
And broken glass spot the room
His tragic end's coming soon, 'cause his whole life's
been consumed
By these dreams
That were revealed unto me
But still too late they were seen
As he now lies dead finally free from the screams

Sad and broken, lonely, obscene
This man's killing himself for chasing a dream
So tragic this feeling, the obsession is stealing
His soul and his heart
As the world watches him fall apart

Sad and broken, lonely, obscene
This man's killing himself for chasing a dream
So tragic this feeling, the obsession is stealing
His soul and his heart
As the world watches him fall apart

Sad and broken, lonely, obscene
This man's killing himself for chasing a dream
So tragic this feeling, the obsession is stealing
His soul and his heart
As the world watches him fall apart
