I dreamed that I knew  
The secret code  
I cracked the formula  
And found the perfect note  
Now it's so easy  
To give you what you need  
Your face betrays you  
It's not so hard to read  
Big hit  
Backlash  
I see your face and I wanna smash  
Smash!  
Gonna take you far  
Your charm  
Sweet sound  
It's all for sale  
Go climb Mount Everest  
You can't afford to fail  
A certain beauty  
That million dollar smile  
Just give them what they want  
Before it's out of style  
You wanna smash  
Smash!  
Gonna take you far  
Don't wanna crash  
Crash!  
Who do you think you are?  
Big hit  
Backlash  
I see your face and I wanna smash  
Smash!  
Gonna take you far  
Don't wanna crash  
Crash!  
Who do you think you are?  
Have a drink some poisoning  
And get so high  
You'll forget how to think  
Go cry, and crash  
So dry, get trashed

No lie, all thrash  
Oh my, more cash  
You wanna smash...
