Ignorance
Is increasing in abundance.
Medicate youth with new substance
Too scared to take a chance

We're just in panic
And frantic
Cuz change is satanic
Implications gigantic
Because we're all so manic now

Everyone's so blinded
But I just don't mind it at all
Everyone's so blinded
But I just don't mind it at all

Too scared
To take a chance or
Try to kill all of this cancer
To create a purer world that's for

A purer world for no one
Cuz someone's gonna go ballistic with a gun
They're just so sick and so twisted
It just might be your kid

Everyone's so blinded
But I just don't mind it at all
Everyone's so blinded
But I just don't mind it at all

Push my face in the ground
They try to bury my sound and silence my voice
Push my face in the ground
They try to bury my sound and silence my voice

Gotta scream, hear my voice
Gotta scream, hear my voice
Gotta scream [x8]

Everyone's so blinded

But I just don't mind it at all
Everyone's so blinded
But I just don't mind it at all
