Imagine waking up every morning wishin' it was your last.

Try to hold all your memories, but alas they fade so fast.

Trying to decipher just exactly how it all went wrong
While you smugly live it up, I am left to write this song.

Take it for what it's worth. I hope you know you're wrong

Bet you think you're pretty smart, pretty girl?
Pretty stupid cause it's to the point I've realized

This is it! This is it! This is the last lie you'll ever tell.
You're way too busy screamin' "Why, oh, why! ?"

"Why's it me? Feel pity! I'm the victim, can't you see?"
No, I don't. No I won't. But I vow to make it known

All the lies, all the hurt, how you made me feel like dirt.
Only then, in the end, can I live and breathe again.

Take it for what it's worth. I hope you know you're wrong.

Bet you think you're pretty smart, pretty girl?
Pretty stupid cause it's to the point I've realized

This is it! This is it! This is the last lie you'll ever tell.
You're way too busy screamin' "Why, oh, why!"

Why's it like that? Why are you like that?
Can't you see this situation's getting out of control?

I just can't breathe.
I can't sleep.
I can't eat.
But I'll...

Fight til the end

Cuz I know I could win
I just want to scream.

Bet you think you're pretty smart, pretty girl?
Pretty stupid cause it's to the point I've realized

This is it! This is it! This is the last lie you'll ever tell.
You're way too busy screamin' "Why, oh, why! ?"

Why's it like that? Why are you like that?
Can't you see this situations getting out of control?
