Nowhere
No place I'd rather be
I'm in my own sideshow
Where I can feel the misery

But in my home, yeah, I'd see the color
My future's so black and white
I got a non-stop ticket
No destination in sight

So step right up for the ride of your life
The line starts here in the back of my mind

I ride into the super sci-fi
My stars are fallin'
Down down down
To the earth tonight

So step right up for the ride of your life
The line starts here in the back of my mind
Well, you can rearrange the strange and deranged
The sign up ahead says 'Welcome to the strange'

So step right up for the ride of your life
The line starts here in the back of my mind

Nowhere, no place I'd rather be
Well, I'm a self-made monster and my own worst
enemy

So step right up for the ride of your life
The line starts here in the back of my mind
Well, you can rearrange the strange and deranged
The sign up ahead says 'Welcome to the strange'
