Straight face girl, don't hide your smile.
With all that poise, it won't be long,
Before you're tiptoeing down those stairs,
With your newest backseat boy.

And I'll protect myself, because my heart is sinking,
And the way you move has got me thinking that I'm in
over my head.
So don't think twice, baby.
Just kiss my cheek and tell me that I'm in over my
head.
You always knew you'd let me in.

Straight face girl don't hide your teeth.
With all that poise, it won't be long,
Before you surrender your lips,
Because ballroom girls weren't taught to fall like this.

And I'll protect myself, because my heart is sinking,
And the way you move has got me thinking that I'm in
over my head.
So don't think twice, baby.
Just kiss my cheek and tell me that I'm in over my
head.
You always knew you'd let me in.

So before the novelty wears thin,
Just kiss my cheek and let's begin,
Because this moment, it may never be the same,
With you and me, baby, dancing to "Purple Rain."

And I'll protect myself, because my heart is sinking,
And the way you move has got me thinking that I'm in
over my head.
So don't think twice, baby.
Just kiss my cheek and tell me that I'm in over my
head.
You always knew you'd let me in.
