Well if these are the times we'll remember,
Then that scares the hell out of me,
Because all of these sleepless nights alone,
Have made me into someone that I don't want to be.
You always made everything look so easy,
And you were always two steps ahead of everyone.
And there's love in my eyes, but there's fear in my
heart,
And there's death on the tip of my tongue.

And it feels like I hardly ever sleep anymore,
And I'm so damn tired.
Maybe I can find somewhere to lay my head.
Can I just find some place to rest?

But you just came waltzing right in,
With your big brown eyes and your honesty.
Now I'm all out of excuses.
You can take what you want, 'cause I'd give you
everything.
But you may want to keep watch on your heart,
And it's probably best if you keep your eye on me,
Because there's love on my lips, but there's a catch
in my throat,
And there's death underneath my fingernails.

And it feels like I hardly ever sleep anymore,
And I'm so damn tired.
Maybe I can find somewhere to lay my head.
Can I just find some place to rest?

So turn out the light.
We can't stay up all night watching for shooting stars.
Oh, turn out the light.
Can't we just be content with who we are?
So turn out the light.
We can't stay up all night watching for shooting stars.
Oh, turn out the light.
Can't we just be content with who we are?
Turn out the light.
So turn out the light, we can't stay up all night.
Turn out the light, we can't stay up all night.

(I am so tired, so turn out the light)
